F. A. KECK

FOR THE YEAR 1952

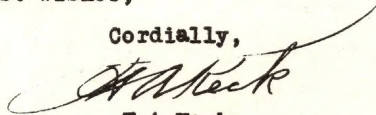

Once again it is my pleasure to report an overall increase in benevolent giving for the year 1952 compared with previous years. (See summary on last pages of this report). The increase in apportionment giving, while not as large as last year, topped the 1951 year by \$82,716.00, and we came within 11% of our Three Million Dollar goal. Let us try in 1953 to make it 100%.

World Service giving increased \$12,374.00 over the year 1951, and we came within \$7,856.00 of reaching our \$500,000.00 goal. The Executive Secretary, Dr. Reginald H. Helfferich, reporting on his trip last spring to Korea emphasized the dire need existing in that country. I am quite sure we will not stop at a 100% goal in 1953, judging from the response from individuals, Sunday Schools and churches in giving more than their set goal to reduce the suffering of the practically homeless inhabitants of Korea.

At the start of the year the General Council instructed me to send the monthly statement to either the president or the secretary of each congregation, in addition to the copy that goes to each pastor, as it was hoped in this way it would come before consistories in session. This has increased the work about 50% but has been accomplished without additional office personnel; however, the end-of-the-year rush made it impossible to send out receipts promptly and therefore I ask the kind indulgence of all.

With sincere best wishes,

Cordially,

F.A. Keck,  
Treasurer, Evangelical &  
Reformed Church.
